ISC2 Certification

The Ultimate Guide to the **CGRC**

Be the expert in governance, risk and compliance

ISC2

Achieve More in Your Career

You prove every day that you have what it takes to help an organization align its information technology with business objectives, while managing risk and meeting regulatory compliance requirements. But our profession is always changing and even the brightest minds can benefit from having a guide on the journey to success. ISC2 is here to help you discover the right path, create your plan and thrive throughout your career.

The Ultimate Guide to the CGRC covers everything to know about the risk management certification. See how the CGRC – and ISC2 — can differentiate you as a globally respected security leader.

Is CGRC Right for Me?

The Certified in Governance, Risk and Compliance (CGRC) is an information security practitioner who champions system security commensurate with an organization's mission and risk tolerance, while meeting legal and regulatory requirements.

CGRC, a vendor-neutral cybersecurity credential, recognizes your knowledge, skills and abilities to authorize and maintain information systems within the RMF. It proves you know how to formalize processes to assess risk and establish security documentation.

CGRC is particularly well-suited for IT, information security and cybersecurity practitioners who manage risk in information systems. It is also recommended for any practitioner involved in authorizing and maintaining information systems.

As a first step – become an ISC2 Candidate

Begin your journey by joining ISC2, the world's leading cybersecurity professional organization. As a Candidate, you'll access a full range of benefits, including 10% off Online Self-Paced Training to help you on your path to CGRC certification.

Sign up now. Your first year is free — no cost to you.*

*If you choose to renew after the first year, U.S. \$50 due annually.

Acquire two years of experience

To qualify for the CGRC, candidates must have at least two years of cumulative, paid work experience in one or more of the seven domains of the current ISC2 CGRC Exam Outline.

If you don't yet have the required experience, you may become an [Associate of ISC2](#) after successfully passing the CGRC exam. The Associate of ISC2 will then have three years to earn the experience needed for the CGRC certification.

Discover your path

See "[Pathway to certification](#)" for more information.

CGRCs in the Community

"CGRC is a great certification to earn and have on your resume. It shows you understand what is required to secure IT systems. Also, understanding the Risk Management Framework will help you during the interview process."

Brian Braxton

Information Security Risk Management Lead
Rockville, MD, USA

"The CGRC not only helps to explain how the federal government operates but lays the foundation for how you work and what to expect in the way of security and privacy controls and countermeasures."

Larry Wlosinski

Senior Associate
Veris Group, Woodlawn, MD, USA

"I immediately got a raise and promotion after earning CGRC certification. I also gained the knowledge and skills needed to perform my job as a security analyst."

Ernest Blankson

Senior Risk Advisor
Administrative Office of the United States Courts, Washington, D.C., USA

*If you choose to renew after the first year, U.S. \$50 due annually.

Exam Overview

The CGRC exam evaluates expertise across seven domains. (Think of domains as topics you need to master based on your professional experience and education.) Passing the exam demonstrates that you have the advanced technical skills and knowledge to understand governance, risk and compliance, and can authorize and maintain information systems utilizing various risk management frameworks, as well as best practices, policies and procedures.

Official **Exam Prep**

ISC2 offers Official Exam Prep for CGRC. 10% off Official ISC2 Online Self-Paced Training when you sign up to be an **ISC2 Candidate**.

Everyone has their own style of learning. That's why we offer three options to help guide you in CGRC certification. Experience new learning with recently enhanced Official ISC2 CGRC Exam Prep options. **Final Exam Prep**.

1. **Online Self-Paced - Register Now**

Your self-guided tour toward certification - now featuring adaptive learning for a streamlined experience customized to each individual. Leveraging the power of AI, the training guides learners through a self-paced learning experience adaptive to their individual needs.

- Flexibility to study on your own time and at your own pace
- Personalized learning that adapts to your needs
- Interactive, engaging courseware
- Analytics dashboard to track learning progress
- Education Guarantee

2. **Online Instructor-Led – Register now**

Progress through the course domain by domain with the most current content that aligns to the CGRC exam outline to be easy-to-follow in live virtual learning sessions from an ISC2

- 180-day access to the most up-to-date course content — straight from the source
- Virtual live instruction and access to recordings if you miss a session
- Official ISC2 Student Training Guide (electronic format)
- Interactive content
- Online interactive flash cards
- 24x7x365 chat technical support
- Education Guarantee
- And more!

3. **In-Person Bootcamp – Learn more**

Your guided small group tour (10 or more students) toward certification

- Learn in-person at your office or a private venue near you
- Interact with an ISC2 Authorized Instructor and students

CGRC Self-Study Resources

We offer a variety of **Self-Study Resources** to supplement your coursework and reinforce key concepts. Choose from options for every schedule and learning style.

Pathway to Certification

1 Become an ISC2 Candidate

Begin your journey by joining ISC2, the world's leading cybersecurity professional organization. As a candidate, you'll access a full range of benefits, including 10% off Online Self-Paced Training to help you on your path to CGRC.

[Sign up now.](#)

2 Obtain the required experience

[To qualify for the CGRC](#), candidates must have at least two years of cumulative, paid work experience in one or more of the seven domains of the current ISC2 CGRC Exam Outline.

- **Domain 1:** Security and Privacy Governance, Risk Management and Compliance Program
- **Domain 2:** Scope of the System
- **Domain 3:** Selection and Approval of Framework, Security and Privacy Controls
- **Domain 4:** Implementation of Security and Privacy Controls
- **Domain 5:** Assessment/Audit of Security and Privacy Controls
- **Domain 6:** System Compliance
- **Domain 7:** Compliance Maintenance

If you don't yet have the required experience, you may become an Associate of ISC2 after successfully passing the CGRC exam. [The Associate of ISC2](#) will then have three years to earn the experience needed for the CGRC certification.

Pathway to Certification

3 Study for the exam

Many [self-study resources](#) are available from ISC2 – the creator and keeper of the CGRC Exam Outline – to help you prepare with confidence. Some CGRC candidates pass the exam with self-study, and many choose to attend an [Official ISC2 Training](#) to review and refresh their knowledge before sitting for the exam.

4 Pass the exam

You have a maximum of three hours to complete the 125-item exam. Ready for the exam? [Register now](#) and get it on your calendar.

Get endorsed

5

After you pass the exam, you have nine months from the date of the exam to complete the [ISC2 endorsement process](#).

Earn CPE credits

6

Once you are certified, you become a member of ISC2 and recertify every three years. Recertification is accomplished by earning Continuing Professional Education (CPE) credits and paying an [annual maintenance fee \(AMF\)](#) to support ongoing development.

60 CPE credits
over 3 years

U.S. **\$135** AMF

Members with multiple ISC2
certifications only pay a single AMF.

Continuing Professional Education (CPE) Opportunities

The Continuing Professional Education (CPE) credit requirement helps you maintain your competencies following initial certification. By developing and enhancing skills through CPE activities, you make an important investment in yourself while increasing value to customers and employers.

Join webinars

- Think Tanks
